

## HOUSTON, THIS IS YOUR SHOT OF HOPE

### Register For the COVID-19 Vaccine

During this time, one thing has become increasingly clear—health and wellness are gifts worth prioritizing. The COVID-19 vaccine brings us a step closer to resuming our normal routines, but all of us in our community must now do our part and get the vaccine when we each have the opportunity. The COVID-19 vaccine has been proven to be safe and effective. Through vaccination we can save lives—and get back to the moments we all miss.

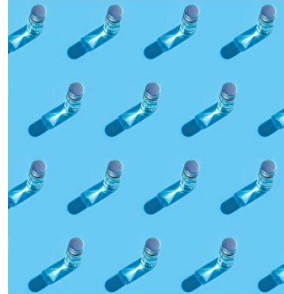

All members of the community 16 years of age and above may complete Memorial Hermann's COVID-19 Vaccination Request Form. Registered individuals will be notified when vaccination appointments are available for them. Per the State, effective March 29, 2021, all adults are eligible for COVID-19 vaccination at Memorial Hermann.
