

Appendix A. Secondary Data Sources, Methodology and Data Scoring Tables

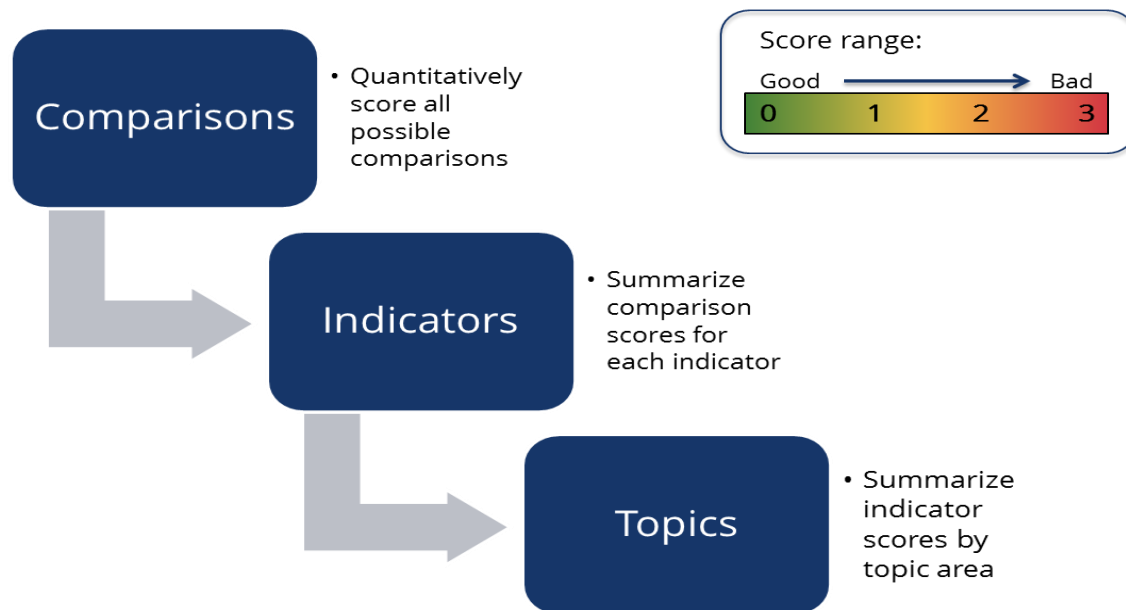

Secondary Data Sources

The following is a list of the primary secondary sources used in the Memorial Hermann Health System Community Health Needs Assessment:

Key	Data Source
1	American Community Survey 5-Year
2	CDC - PLACES
3	Centers for Disease Control and Prevention
4	Centers for Medicare & Medicaid Services
5	County Health Rankings
6	Feeding America
7	National Cancer Institute
8	National Center for Education Statistics
9	National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention
10	National Environmental Public Health Tracking Network
11	Texas Department of Family and Protective Services
12	Texas Department of State Health Services
13	Texas Education Agency
14	U.S. Bureau of Labor Statistics
15	U.S. Census - County Business Patterns
16	U.S. Environmental Protection Agency
17	United For ALICE

Secondary Data Methodology and Scoring

Data scoring is done in three stages:

For each indicator, each county is assigned a score based on its comparison to other communities, whether health targets have been met, and the trend of the indicator value over time. These comparison scores range from 0-3, where 0 indicates the best outcome and 3 the worst. Availability of each type of comparison varies by indicator and is dependent upon the data source, comparability with data collected for other communities, and changes in methodology over time.

Indicators are categorized into topic areas and each topic area receives a score. Indicators may be categorized in more than one topic area. Topic scores are determined by the comparisons of all indicators within the topic.

Comparison to a Distribution of County Values: Within State and Nation

For ease of interpretation and analysis, indicator data is visually represented as a green-yellow-red gauge showing how the community is faring against a distribution of counties in the state or the United States. A distribution is created by taking all county values within the state or nation, ordering them from low to high, and dividing them into three groups (green, yellow, red) based on their order. Indicators with the poorest comparisons (“in the red”)

scored high, whereas indicators with good comparisons (“in the green”) scored low.

Comparison to Values: State, National, and Targets

Each county is compared to the state value, the national value, and target values. Target values include the nation-wide Healthy People 2030 (HP2030) goals. Healthy People 2030 goals are national objectives for improving the health of the nation set by the Department of Health and Human Services’ Healthy People Initiative. For all value comparisons, the scoring depends on whether the county value is better or worse than the comparison value, as well as how close the county value is to the target value.

Trend over Time

The Mann-Kendall statistical test for trend was used to assess whether the county value is increasing over time or decreasing over time, and whether the trend is statistically significant. The trend comparison uses the four most recent comparable values for the county, and statistical significance is determined at the 90% confidence level. For each indicator with values available for four time periods, scoring was determined by direction of the trend and statistical significance.

Missing Values

Indicator scores are calculated using the comparison scores, availability of which depends on the data source. If the comparison type is possible for an adequate proportion of indicators on the community dashboard, it will be included in the indicator score. After exclusion of comparison types with inadequate availability, all missing comparisons are substituted with a neutral score for the purposes of calculating the indicator’s weighted average. When information is unknown due to lack of comparable data, the neutral value assumes that the missing comparison score is neither good nor bad.

Indicator Scoring

Indicator scores are calculated as a weighted average of all included comparison scores. If none of the included comparison types are possible for an indicator, no score is calculated, and the indicator is excluded from the data scoring results.

Topic Scoring

Indicator scores are averaged by topic area to calculate topic scores. Each indicator may be included in up to three topic areas if appropriate. Resulting scores range from 0-3, where a higher score indicates a greater level of need as evidenced by the data. A topic score is only calculated if it includes at least three indicators.

Memorial Hermann Health System Data Scoring Results

HEALTH TOPICS	WEIGHTED SCORE
Sexually Transmitted Infections	1.92
Physical Activity	1.66
Alcohol & Drug Use	1.57
Women's Health	1.56
Immunizations & Infectious Diseases	1.54
Health Care Access & Quality	1.54
Children's Health	1.47
Maternal, Fetal & Infant Health	1.47
Prevention & Safety	1.47
Older Adults	1.44
Diabetes	1.44
Heart Disease & Stroke	1.31
Mental Health & Mental Disorders	1.27
Cancer	1.26
Wellness & Lifestyle	1.19
Respiratory Diseases	1.10
Oral Health	0.99

QUALITY OF LIFE TOPICS	WEIGHTED SCORE
Economy	1.67
Education	1.46
Environmental Health	1.41
Community	1.41

Appendix B. Community Health Survey

Memorial Hermann Health System is conducting a Community Health Needs Assessment for the Houston-Woodlands-Sugarland MSA. This assessment allows Memorial Hermann to better understand the health status and needs of the community and use the knowledge gained to implement programs that will benefit the community. We can better understand community needs by gathering voices from the community. This survey allows community members like you to tell us about what you feel are important issues for your community. Thank you very much for your input and your time! If you have questions about this survey, please contact our external contractor that is managing this process: corinna.kelley@conduent.com

We estimate that it will take about 10 minutes to complete this survey.

TELL US ABOUT YOURSELF

Please fill out the personal demographic information below to help us understand the health and wellbeing of everyone in our community. Your data is completely confidential and will be used to ensure we are inclusive and represent all community members.

1. What is your age?

- ☐ 17 and Under ☐ 18 to 64 ☐ 65+

2. Which gender do you most identify with? select one. (*why are we asking this question?*)

- ☐ Male ☐ Female ☐ Transgender Male ☐ Transgender Female
- ☐ Non-Binary ☐ Other ☐ Prefer Not to Answer

3. What race best describes you?

- ☐ White ☐ Black or African American ☐ American Indian or Alaskan Native ☐ Asian

☐ Native Hawaiian or Other Pacific Islander ☐ Middle Eastern or North African ☐ Multi-racial ☐ Other: _____

4. Are you Hispanic or Latino origin or descent?

- ☐ Yes
☐ No

5. If you would like to share, what is your sexual orientation? select one. (*why are we asking this question?*)

- | | |
|-----------------------------------|----------------------------------------------------------|
| <input type="checkbox"/> Straight | <input type="checkbox"/> Asexual |
| <input type="checkbox"/> Lesbian | <input type="checkbox"/> Prefer Not to Answer |
| <input type="checkbox"/> Gay | <input type="checkbox"/> Other (please specify): - _____ |
| <input type="checkbox"/> Bisexual | |

6. Marital Status

- ☐ Married
☐ Single

7. Housing Status

- ☐ Unhoused (homeless)
☐ Unstable Housing (I move often)
☐ Stably Housed (I am not homeless)

8. Zip code Currently Residing

9. Including yourself, how many people currently live in your household?

- ☐ 1
☐ 2
☐ 3
☐ 4
☐ 5
☐ More than 5

10. How many children (under age 18) currently live in your home? Select one.

- ☐ 0
☐ 1
☐ 2

- ☐ 3
- ☐ 4
- ☐ 5
- ☐ More than 5

11. Total Household Income

- | | |
|-----------------------------------------------|-----------------------------------------------|
| <input type="checkbox"/> 0 to \$30,000 | <input type="checkbox"/> 74,001 to \$90,000 |
| <input type="checkbox"/> \$30,001 to 45,000 | <input type="checkbox"/> \$90,000+ |
| <input type="checkbox"/> \$45,001 to 60,000 | <input type="checkbox"/> Prefer Not to Answer |
| <input type="checkbox"/> \$60,001 to \$74,000 | |

12. Do you have a disability? (Select all that apply)

- ☐ No
- ☐ Yes, a physical disability
- ☐ Yes, a sensory disability (e.g., vision or hearing impairment)
- ☐ Yes, a cognitive or learning disability
- ☐ Yes, a mental health condition
- ☐ Prefer not to answer
- ☐ Yes, another type of disability _____

13. What is your current employment status? (Select one.)

- ☐ Employed
- ☐ Unemployed
- ☐ Retired
- ☐ Unemployed but not looking
- ☐ Stay at Home Parent/Caregiver

14. What is your insurance status?

- | | |
|----------------------------------------------------------------------|---------------------------------------------------------------------|
| <input type="checkbox"/> I do not have health insurance | <input type="checkbox"/> Insured: Tricare |
| <input type="checkbox"/> Insured: Medicaid | <input type="checkbox"/> Insured: I have both Medicaid and Medicare |
| <input type="checkbox"/> Insured: Private (ex. BlueCross/BlueShield) | <input type="checkbox"/> Insured: Marketplace Insurance |
| <input type="checkbox"/> Other (please specify): _____ | |

TELL US ABOUT YOUR HEALTH

15. How would you rate your overall health.

- ☐ I am in excellent health
- ☐ I am in good health
- ☐ I am in fair health (Not good/not bad)
- ☐ I am in poor health

16. I have been diagnosed with and currently managing the following health condition(s): (Please Check All That Apply).

- | | |
|-----------------------------------------------------------------|----------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> Acid Reflux | <input type="checkbox"/> Kidney Disease/Disorder |
| <input type="checkbox"/> Arthritis | <input type="checkbox"/> Liver Disease/Disorder |
| <input type="checkbox"/> Asthma | <input type="checkbox"/> Mental Health Issues (Depression, Anxiety, Bipolar Disorder, Post partum) |
| <input type="checkbox"/> Cancer (Any type) | <input type="checkbox"/> Neurological Disorder (ex. seizures, migraines, etc.) |
| <input type="checkbox"/> Diabetes | <input type="checkbox"/> None |
| <input type="checkbox"/> Fertility Issues | <input type="checkbox"/> Overweight/Obesity |
| <input type="checkbox"/> Fibroids | <input type="checkbox"/> Skin Conditions (ex. Eczema, Psoriasis) |
| <input type="checkbox"/> Gastrointestinal Issues | <input type="checkbox"/> STI/STD (any type) |
| <input type="checkbox"/> Heart Condition/Cardiovascular Disease | <input type="checkbox"/> Stroke |
| <input type="checkbox"/> High Blood Pressure | <input type="checkbox"/> Vision Disorder (loss, glaucoma, etc.) |
| <input type="checkbox"/> High Cholesterol | <input type="checkbox"/> Other (please specify): |

17. Do you have a primary care doctor? (If yes, go to question 18, if no go to question 19)

- ☐ Yes
- ☐ No

18. If yes, when is the last time you had an appointment with your primary care doctor?

- ☐ Within the Last 12 months
- ☐ Within the last 18 months
- ☐ More than 2 years ago
- ☐ I can't remember the last appointment I had with my primary care doctor

19. If no, what are the reasons you do not have a primary care provider?

- ☐ I cannot afford to go to the doctor (cost too much)
- ☐ There is no primary care doctor near where I live
- ☐ I do not know how to find a primary care doctor
- ☐ I do not need to be seen by a primary care doctor, I am healthy

- ☐ Not a priority

20. On average, how often do you exercise per week?

- ☐ I do not exercise
☐ Less than 2.5 hours per week
☐ More than 3 hours per week

21. Do you have a Mental Health Provider (ex. Counselor, family therapist, etc.) that you see regularly?

- ☐ Yes
☐ No

22. If no, what are the reasons you do not have a mental health provider?

- ☐ I cannot afford to go to the doctor (cost too much)
☐ There is no mental health provider near where I live
☐ I do not know how to find a mental health provider
☐ I do not need to see a mental health provider.

23. How would you rate your overall mental health?

- ☐ My mental health is excellent
☐ My mental health is good
☐ My mental health is fine (some days are good/some days are not good)
☐ My mental health is poor

24. Have you had a baby in the last 12 months?

- ☐ Yes
☐ No
☐ Prefer Not to Answer

25. Have you had to go to the emergency room within the last 12 months?

- ☐ Yes
☐ No

26. If yes, what is the general reason for going to the emergency room?

- ☐ It was a serious emergency (ex. life threatening, broken bone, etc.)
☐ It was the fastest option because I could not get an appointment with my primary doctor/specialist
☐ It was my only option because I do not have a primary doctor that I go to
☐ It was a safe place for me (ex. to rest, to receive social support)

☐ Other: (please specify)

CHILDRENS HEALTH

27. Are you a parent? (If no, skip this section and go to question 32)

- ☐ Yes
- ☐ No

28. In the last 12 months my child has been to an annual well child appointment.

- ☐ Yes
- ☐ No
- ☐ Prefer Not to Answer

29. In the last 12 months my child has been to an annual dental care appointment (ex. cleaning, etc.).

- ☐ Yes
- ☐ No
- ☐ N/A

30. If my child needed mental health care services, I feel I know how to access it.

- ☐ Yes
- ☐ No
- ☐ Unsure

31. A healthcare provider has diagnosed my child as being overweight/obese?

- ☐ Yes
- ☐ No

TELL US ABOUT YOUR COMMUNITY NEEDS

32. In your opinion, what are the **top 5 most important factors needed for a community to be healthy? (Select a maximum of 5)**

- | | |
|--------------------------------------------------------------------------|-----------------------------------------------------------------------------|
| <input type="checkbox"/> A clean environment (ex. Safe water, clean air) | <input type="checkbox"/> Access to affordable and healthy food |
| <input type="checkbox"/> A community with low crime | <input type="checkbox"/> Access to affordable and quality housing |
| <input type="checkbox"/> A positive relationship with law enforcement | <input type="checkbox"/> Access to affordable health care |
| <input type="checkbox"/> A strong education system | <input type="checkbox"/> Access to clean and safe outdoor space (ex. Parks) |

- ☐ Access to jobs with livable wages
- ☐ Access to reliable transportation
- ☐ Community inclusivity (all feel welcome)

☐ Other:

33. Thinking about your own household, in the last 12 months select all the statements that apply:

- ☐ I have been worried about my ability to receive prenatal care
- ☐ I have been worried about my emotional/mental health and wellbeing
- ☐ I have been worried about my personal safety
- ☐ I have been worried about my physical health
- ☐ I have been worried about the safety of my child/children
- ☐ I have been worried I cannot afford to buy groceries
- ☐ I have been worried I cannot afford to take my child/children to the doctor
- ☐ I have been worried I cannot afford to take myself to the doctor despite needing health care

- ☐ I have been worried I do not have at least \$500 of savings in case of an emergency (Ex. Car repair, job loss, etc.)
- ☐ I have been worried I would not be able to pay my rent or mortgage
- ☐ I have been worried that I could not afford child care services
- ☐ I have been worried that I would lose my job
- ☐ I have been worried that I would not be able to pay my utility bills
- ☐ I have not worried about any of the above in the last 12 months

☐

Other: _____

34. What are the **three (3) biggest factors you feel are missing from your community that is needed to make it healthier? (Select a maximum of 3)**

- ☐ A clean environment (ex. Safe water, clean air)
- ☐ A community with low crime
- ☐ A positive relationship with law enforcement
- ☐ A strong education system
- ☐ Access to affordable and healthy food
- ☐ Access to affordable and quality housing
- ☐ Access to affordable health care

- ☐ Access to clean and safe outdoor space (ex. Parks)
- ☐ Access to jobs with livable wages
- ☐ Access to reliable transportation
- ☐ Community inclusivity (all feel welcome)
- ☐ My community is healthy and do not feel anything is missing
- ☐ Other:

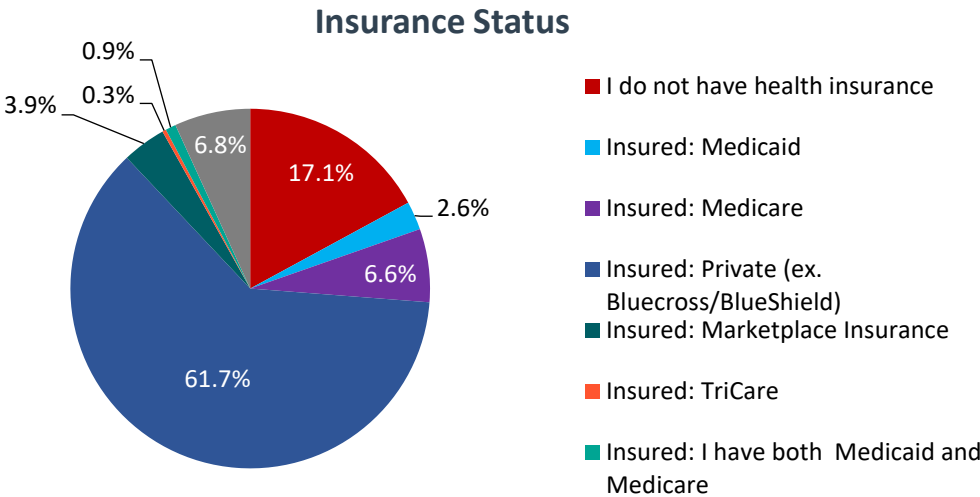

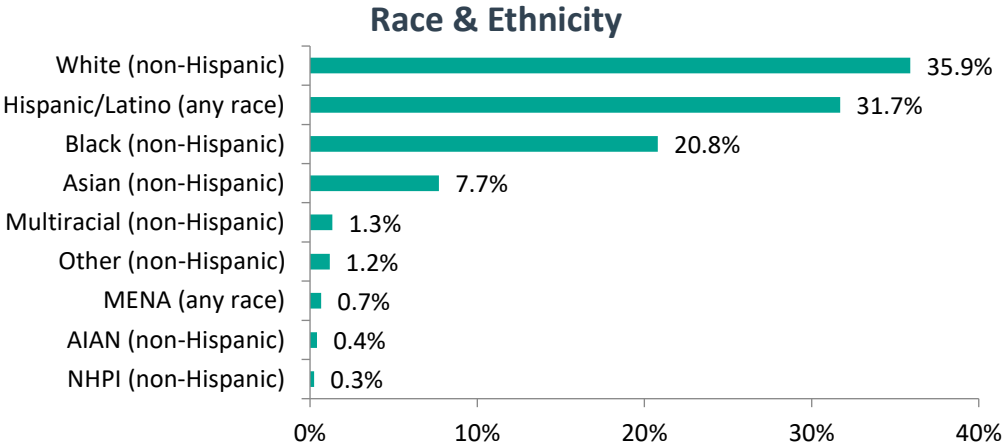

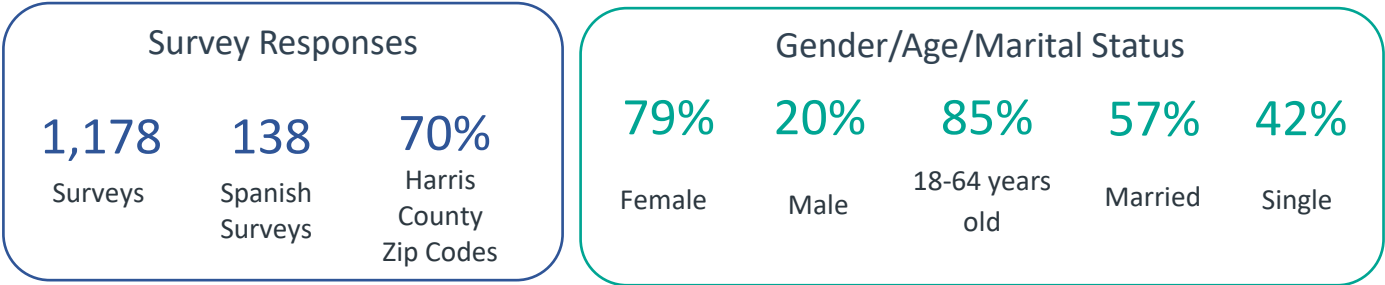

35. If offered, would you want your local healthcare provider to assist with a solution to your indicated area of concern?

- ☐ Yes
- ☐ No
- ☐ Unsure
- ☐ N/A

Appendix C. Community Survey

Demographics

This section provides a summary of the demographic characteristics of respondents who participated in the community survey for the 2025 Community Health Needs Assessment cycle. Demographic insights help ensure that the voices and needs of diverse populations are represented in the development of health priorities and strategies.

Appendix E. Key Informant Interview Questions

1. To begin, could you please tell us a little about the organization you work for and the geographic location it serves?
2. Now, we would appreciate your perspective on the current health issues faced by people in your community living in *(the County you serve)*.
3. In your opinion, what are the top social issues affecting residents of your community?
4. What do you think are the leading factors that contribute to health issues and social issues *(are there different leading factors between the two)?*
5. Which groups (or populations) in your community seem to struggle the most with the health and social issues that you've identified? *Is there a difference in the groups based on the type of issues faced?*
6. From your perspective what communities (people or neighborhoods) are most often overlooked when it comes to providing services?
7. What barriers or challenges might prevent someone in the community from accessing health care or social services? *(are there different leading factors between the two)?*
8. Can you tell us some of the strengths and resources in the community that best address the issues we have discussed today, such as groups, partnerships/initiatives, services, or programs?
9. Is there anything additional that should be considered for assessing the needs of the community?

For Government KII:

As a government leader, what is the most pressing health and social issues impacting your constituents?

For Education KII:

As an Educational leader, what is the most pressing health and social issue impacting your students and their families?

For Health Services KII:

As a Healthcare provider, what do you think is contributing to the disparities in maternal health?

For Social Services KII:

As a Social Service provider, housing affordability and availability has been a rising area of concern over the last few years, would you be willing to share your thoughts on this topic?

For Faith Leader KII:

As a Faith Leader, what do you see most impacting your congregation and the community that you are serving?

Appendix G. Secondary Data Sources for Health and Geographic Disparities

Disparities and Health Equity

Identifying disparities by population groups and geography helps to inform and focus priorities and strategies. Understanding disparities also helps us better understand root causes that impact health in a community and inform action towards health equity.

Health Equity

Health equity focuses on the fair distribution of health determinants, outcomes, and resources across communities.¹ National trends have shown that systemic racism, poverty, and gender discrimination have led to poorer health outcomes for groups such as Black/African American persons, Hispanic/Latino persons, indigenous communities, people with incomes below the federal poverty level, and LGBTQ+ communities.

Community health disparities were assessed in the secondary data using the Index of Disparity² analysis, which identifies disparities based on how far each subgroup is from the overall county value. For more detailed methodology related to the Index of Disparity, see Appendix A.

Table 12 identifies secondary data indicators with a statistically significant race, ethnicity, or gender disparity for Memorial Herman Health System, based on the Index of Disparity.

TABLE 13. INDICATORS WITH SIGNIFICANT RACE/ETHNIC & AGE DISPARITIES

		Black/African American	Austin, Chambers, Fort Bend
--	--	------------------------	--------------------------------

The Index of Disparity analysis for the Memorial Hermann Health System service area shows that certain population groups are more affected by specific health and socioeconomic indicators. Black/African American populations are more likely to experience higher Age-Adjusted Death Rates related to diabetes, stroke, coronary heart disease, and various cancers, including breast, prostate, and colorectal cancer. They are also more impacted by higher rates of Premature Death and lower Life Expectancy. Hispanic/Latino and Other Race groups show disparities in indicators such as health insurance coverage, poverty, and educational attainment. Males are more affected by several cancer incidence and mortality rates, as well as unintentional injury deaths. Age-related disparities are also present, with younger adults (ages 19–34) and older adults (65+) experiencing gaps in educational attainment, poverty levels, and health insurance coverage. These findings suggest that certain groups may benefit from more focused outreach and support efforts to help reduce disparities and improve overall health outcomes.

Geographic Disparities

Geographic disparities were identified using the Health Equity Index, Food Insecurity Index, and Mental Health Index. These indices have been developed by Conduent Healthy Communities Institute to easily identify areas of high socioeconomic need, food insecurity, or areas with poorer mental health outcomes. For all indices, counties, zip codes, and census tracts with a population over 300 are assigned index values ranging from 0 to 100, with higher values indicating greater need. Understanding where there are communities with higher need is critical to targeting prevention and outreach activities. This assessment identified specific zip codes with differences in outcomes related to health and non-medical drivers of health.

SocioNeeds Index

The SocioNeeds Index Suite provides analytics around non-medical drivers of health to advance equitable outcomes. Created by Conduent Healthy Communities Institute, each index summarizes multiple health and socioeconomic indicators into one validated composite score to help identify areas for action.

The SocioNeeds Index Suite can help:

- Justify and validate investments for prevention and early intervention.
- Clearly communicate areas for shared action by healthcare, public health, social services, community organizations, business, and others
- Inform policies and interventions at the regional level.

Conduent's Health Equity Index (HEI) uses socioeconomic data to estimate which zip codes are at greatest risk for poor health outcomes, such as preventable hospitalization or premature death. Each zip code is ranked based on its index value to identify relative levels of need. Table 13 provides the index values and local ranking for each zip code. The map in Figure 18 illustrates that the zip codes with the highest level of socioeconomic need (as indicated by the darkest shade of blue) are zip codes 77033 and 77029, each with an index value of 99.4 and 99.3 respectively.

Food Insecurity Index

Conduent's Food Insecurity Index estimates areas of low food accessibility correlated with social and economic hardship. Zip codes are ranked based on their index value to identify relative levels of need. Table 14 provides the index values for each zip code. The map in Figure 19 illustrates the zip code with the highest level of food insecurity (as indicated by the darkest shades of green) is zip code 77032 and 77028 with an index value of 99.7 and 99.5 respectively.

Mental Health Index

Conduent's Mental Health Index is a measure of socioeconomic and health factors correlated with self-reported poor mental health. Zip codes are ranked based on their index value to identify relative levels of poor mental health outcomes. Table 15 provides the index values for each zip code. The map in Figure 20 illustrates the zip code with the poorest mental health outcome (as indicated by the darkest shades of purple) is zip code 77051 and 77021 with an index value of 99.1 and 98.3 respectively.

FIGURE 20. MENTAL HEALTH INDEX

Appendix H. Potential Community Partners

Organizations Serving Underserved Populations

AccessHealth

Provides affordable, comprehensive healthcare services including medical, dental, and behavioral health to low-income and uninsured individuals in Fort Bend and Waller counties.

Alliance of Community Assistance Ministries (ACAM)

A network of faith-based social service providers offering emergency financial assistance, food, and case management to vulnerable populations across Greater Houston.

Boys & Girls Clubs of America

Offers safe spaces and youth development programs focused on education, health, and leadership for underserved children and teens. They are expanding trauma-informed care and mental health support

Catholic Charities – Archdiocese of Galveston-Houston

Provides a wide range of services including food, housing, immigration legal aid, and counseling to low-income families, immigrants, and refugees.

Christ Clinic (Katy)

Delivers high-quality healthcare to uninsured and underserved adults in the Katy area, focusing on chronic disease management and preventive care.

Community Assistance Center

Supports residents of Montgomery County with basic needs, housing assistance, and case management, especially during crises.

Community Health Network

A Federally Qualified Health Center (FQHC) offering affordable medical, dental, and behavioral health services to underserved communities in Southeast Texas.

Connect Community

Facilitates collaboration among healthcare, education, and housing partners to improve quality of life in Houston's Gulfton neighborhood, a diverse and underserved area.

Cy-Hope & Cypress Assistance Ministries

Both provide food, clothing, educational support, and emergency financial assistance to families in need in the Cypress-Fairbanks area.

El Centro de Corazón

An FQHC serving Houston's East End with bilingual primary care, dental, and mental health services for low-income and uninsured residents.

Harris County Public Health & Commissioners Court

Oversee public health initiatives and funding for programs targeting health disparities, including maternal health, chronic disease, and emergency preparedness.

HYPE Freedom School

Empowers youth through literacy and leadership programs, particularly in underserved communities.

Interfaith of The Woodlands

Provides crisis assistance, senior services, and transportation for low-income and elderly residents in Montgomery County.

Kids' Meals, Inc.

Delivers free, healthy meals to preschool-aged children living in food-insecure homes across Houston.

Lone Star Family Health Center

An FQHC offering comprehensive health services in Spring and Conroe, serving uninsured and underinsured populations.

Parks Youth Ranch

Provides emergency shelter, counseling, and life skills training for at-risk and homeless youth in Fort Bend County.

San Jose Clinic

One of the oldest safety-net clinics in Houston, offering medical, dental, and pharmacy services to uninsured individuals.

Santa Maria Hostel

Supports women and families recovering from substance use, homelessness, and trauma with housing and behavioral health services.

Spring Branch Community Health Center

An FQHC providing affordable healthcare to underserved populations in West Houston.

The Harris Center for Mental Health and IDD

Delivers mental health and developmental disability services to low-income residents of Harris County.

The Women's Home

Offers housing, therapy, and job training for women overcoming homelessness, addiction, and mental illness.

Vecino Health Centers

Provides bilingual, affordable primary and behavioral healthcare to underserved communities in Houston

Appendix I. Prioritization Activity Form

For this activity, we will prioritize 12 significant health needs, considering the following two criteria: (1) **Magnitude of the Issue** and (2) **Ability to Impact**. Please review the considerations for each of these criteria below, then assign a score of 1-3 to each health topic and criterion. To complete this activity online, go to https://conduenthci.qualtrics.com/jfe/form/SV_9sLq6b2A5G610h0

Health & Quality of Life Topics	Magnitude of the Issue (Assign a score of 1 to 3)	Ability to Impact (Assign a score of 1 to 3)
Access to Affordable Healthcare		
Access to Healthy Food		
Children's Health		
Chronic Conditions (High Cholesterol, Hypertension, Obesity)		
Community (Environment, Prevention & Safety)		
Diabetes		
Economy (Housing, Transportation)		
Education		
Maternal, Fetal & Infant Health		
Mental Health & Substance Use		
Immunizations & Infectious Diseases		
Women's Health		

Appendix J. Evaluation of Progress Since Previous CHNA

From 2022 to 2024, MHHS focused on four key priority areas: Access to Health Care, Emotional Well-Being, Food as Health, and Exercise is Medicine. Significant strides were made across all areas through system-wide and community-based initiatives.

Priority Health Need #1: Access to Health Care

MHHS supports efforts that improve access to care by ensuring patients receive the right care, at the right place, time, and cost. Key initiatives include system-wide programs like Nurse Healthline – a free, 24/7 service offering guidance on care needs and referrals –and ER Navigation, which helps uninsured, and Medicaid patients shift from avoidable ER visits to medical homes. Community hospitals also contribute through targeted interventions tailored to local needs.

- Nurse Healthline supported access to care in Greater Houston, averaging 30,000 calls annually during the latest CHNA cycle.
- During the latest CHNA cycle, the Woodlands campus issued nearly 1,000 taxi and Lyft vouchers to help patients without transportation return home after care.
- The Southwest campus assisted over 2,900 uninsured and underinsured individuals with healthcare education and eligibility applications through the Community Resource Center
- Through Project Mammogram the Northeast campus provided over 560 free mammograms to support early cancer detection and resource access.

Priority Health Need #2: Emotional Well-Being

MHHS' system-wide initiative supports community members facing mental health crisis by providing timely access to psychiatric care, redirecting ER visits to Mental Health Crisis Clinics, connecting individuals to long-term providers through the Integrated Care Program, and offering navigation support regardless of ability to pay via Psychiatric Response Case Management.

- During the latest CHNA cycle, the Mental Health Crisis Clinics served over 2,500 patients annually across the system.
- During the latest CHNA cycle, the Integrated Care Program served over 52,000 patients across the system with more than 15,000 patients annually screened for depression.
- Over 50 support groups were offered annually during the CHNA cycle, including Cancer Support, and Modern Widows Club.

Priority Health Need #3: Food as Health

MHHS addressed food insecurity by screening patients in the ER and care settings, then connecting them to the Houston Food Bank for SNAP and pantry support as well as referring to in-house food support resources. The system also promotes nutrition education to help prevent chronic disease

- Diabetes education efforts reached over 1,100 community members, annually, during the latest CHNA cycle, increasing awareness and access to management resources.
- During the latest CHNA cycle, the Southwest Campus launched a Food Market to address food insecurity and support diabetes care. Since launch, over 115 patients have enrolled in the FoodRx program, integrating food access, nutrition education and clinical care.

Priority Health Need #4: Exercise is Medicine

MHHS promotes physical activity to support better health, social connection and emotional well-being.

- Over 70 monthly fitness classes – such as walking groups, Zumba and Tai-Chi—were offered across campuses.
- Health Centers for Schools also provided 18,000+ student physicals and supported 60+ community events during the latest CHNA cycle.

Community Feedback from Preceding CHNA & Implementation Plans

Memorial Hermann Health System's 2022-2024 individual hospital CHNAs and Implementation Plans were made available to the public and open for public comment via the website: [Community Health Needs Assessment | Texas Medical Center | Memorial Hermann](#)

Comments or feedback can be made directly to the community health email via: CommunityHealth@memorialhermann.org.
