

1. Please briefly describe your responsibilities during a typical day on a clinical rotation.
2. Please answer the following questions related to your PGY1 program or current employer if previously completed PGY1:
  - a. What is the name of your PGY1 program or current employer?
  - b. Is this program currently ASHP accredited?
  - c. How many hospital beds does your institution have?
  - d. How many beds do PGY1 residents cover on a clinical rotation?
  - e. How would you describe the hospital (e.g. academic medical center, non-academic medical center, community/regional medical center, etc.)?
3. Does your PGY1 residency require an on-call experience? If so, please briefly describe the schedule and responsibilities. If no on-call experience, please mark N/A.
4. Please answer the following questions related to your staffing experience:
  - a. Where is your primary staffing location (e.g. decentralized floor, decentralized ICU, centralized staffing, etc.)
  - b. What is the patient population (e.g. general medicine adults, cardiology, pediatrics, ICU, etc.)? If several locations, please describe.
  - c. How often do you staff?
  - d. Briefly describe responsibilities during a typical day of staffing (e.g. average number of patients, clinical activities, acuity of patients, etc.)
5. Please briefly describe your PGY1 resident research project.
