Located in dynamic Pearl and Bayou—one of the fastest-growing communities in the country—Memorial Hermann Pearl and Bayou Hospital brings the expertise of the Memorial Hermann Health System, including the region's top medical specialists, to families in the Pearl and Bayou/Brazoria County area. Our affiliated, board-certified physicians and other health care professionals utilize advanced medical equipment and state-of-the-art technology to address the community's health care needs, from outpatient visits to procedures requiring highly specialized inpatient care.

Magnet-Recognized Nursing Facility

Memorial Hermann Southeast Hospital, which includes Memorial Hermann Pearl and Bayou Hospital and Memorial Hermann Convenient Care Center in League City, has received one of the highest levels of recognition for nursing excellence, earning designation as a Magnet Recognition Program® by the American Nurses Credentialing Center (ANCC).

24-Hour Emergency Center

Memorial Hermann Pearl and Bayou stands ready to meet the needs of critically ill or injured patients in north Houston. Our Emergency Center is staffed by affiliated board-certified emergency medicine physicians, advanced practice providers and nurses and technicians specially trained in emergency care.

Services include:

- Advanced imaging services including digital X-ray, ultrasound and 80-slice CT
- Comprehensive, onsite laboratory services with certified technicians
- Access to higher level of care via ground ambulance or via air by Memorial Hermann Life Flight®

Level IV Trauma Center

Memorial Hermann Pearl and Bayou is a designated Level IV trauma center with the ability to provide advanced trauma life support, evaluation, stabilization and diagnostic services. If needed patients can be transferred quickly to a higher level of care within Memorial Hermann's network of trauma centers.

Breast Care

Patients in Pearland have access to specialized breast care services by fellowship-trained breast radiologists, who provide:

- 3-D screening and diagnostic mammograms
- Breast ultrasound
- Stereotactic breast biopsy
- Ultrasound-guided biopsy

Heart and Vascular Services

Memorial Hermann is at the forefront of advancing heart health from preventive care to cardiac emergencies to complex surgical procedures. Our program combines research-driven innovation and a heart team approach to provide each patient with quality, personalized care.

With an integrated cardiac catheterization lab, the board-certified diagnostic, interventional and electrophysiology cardiologists, as well as cardiovascular and thoracic surgeons affiliated with Memorial Hermann Pearland work with a dedicated staff of caregivers to treat a spectrum of heart-related conditions and offer prevention, treatment and interventional procedures, including:

- Heart disease risk assessment
- Lifestyle and medical management
- Diagnostic testing, including advanced and non-invasive imaging
- Access to advanced technology with remote monitoring capabilities
- Minimally invasive procedures
- Endovascular and traditional surgical options

Our hospital is Chest Pain certified by the Joint Commission and meet stringent criteria for rapid response when seconds count.

Imaging Center

Memorial Hermann Pearland offers the latest advancements in imaging technology and screenings, including computed tomography (CT), fluoroscopy, magnetic resonance imaging (MRI, large bore), ultrasound and X-ray.

Neuroscience Services

The neuroscience program at Memorial Hermann Pearland brings together a collaborative group of affiliated, board-certified neurologists, supported by a highly trained, specialized and dedicated clinical staff.

Our specialists provide expert care in the following:

- Stroke
- Sleep disorder
- Seizures
- Migraines and headaches
- Dementia
- Movement disorders
- Neuromuscular disorders

In collaboration with Mischer Neuroscience Associates, the Telemedicine Program at Memorial Hermann Pearland enables top affiliated neurologists to observe patients remotely and assist with treatment from any location. Patients gain real-time access to unparalleled stroke care and leading neurological expertise around the clock, all from the familiar comfort and life-saving accessibility of their own community hospital.

Primary Stroke Center

Our hospital has received The Joint Commission Gold Seal of Approval™ as a Primary Stroke Center which signifies that Memorial Hermann Pearland provides critical elements to improve patient outcomes and that the quality of care provided is effectively managed to meet the unique and specialized needs of stroke patients.

- Plastic Surgery
- Urology

Women's Care

We are proud to provide an array of services to meet the unique healthcare needs of women of all ages. Our services include heart and vascular services, breast and bone care, gynecologic, urologic procedures and more.

Wound Care

Located on the Memorial Hermann Pearland campus, our wound care program provides a comprehensive approach to treating patients with non-healing wounds. Patients are offered the most efficient and effective treatment options available today. Patients are examined and evaluated for all possible physical conditions, such as diabetes, that could interfere with proper healing. The care team follows evidence-based clinical pathways to determine why wounds are not healing. Individual treatment plans are developed using the most effective technologies available to optimize healing and relief for patients.
