

# TIRR Memorial Hermann Education Academy 2026

TIRR Memorial Hermann is committed to educating current and future rehabilitation specialists through high-quality, evidence-based educational programming. The TIRR Education Academy offers virtual, live, in-person and on-demand courses designed to support occupational therapy practitioners, physical therapy practitioners, speech language hearing pathologists, nurses and other rehabilitation professionals. Please join us in 2026 to learn more about the latest treatment techniques and research to better serve your patients, care partners and community.
